**FOOD SAFETY NET SERVICES**  
**ANNOUNCES STAFF PROMOTION & ADDITION**

SAN ANTONIO, TEXAS: **Food Safety Net Services (FSNS)**, a network of food safety experts excelling in laboratory and technical services, is proud to announce the promotion and addition of staff.

**Timothy Santy** is now FSNS' new director of operations. Tim joined FSNS in 2006 as facilities manager. He received his Bachelor of Science degree in Civil Engineering from Norwich University, the Military College of Vermont. Prior to joining FSNS, Tim served in various engineering roles in the food manufacturing industry as well as four years in the U.S. Army as a Logistics Officer.

FSNS also welcomes **Wendy Harmon** as customer service coordinator. Wendy joins FSNS with numerous years of experience in customer services, business analysis and data management. Prior to joining FSNS, Wendy gained over 13 years of extensive customer service experience and more than 7 years experience with reporting software, data analysis and database management. Wendy has previously held the roles of project coordinator, business analyst and staff specialist.

**ABOUT FSNS:**

With laboratories in San Antonio, Dallas-Fort Worth, Phoenix, Green Bay and Atlanta, **Food Safety Net Services** offers an integrated network of services and industry expertise to improve the effectiveness of food safety and quality programs in a "one stop shopping" concept. At **Food Safety Net Services**, we tie together the vision of food safety by combining laboratory services with consulting and auditing services, educational and crisis management programs, and regulatory support. Our goal is to help you build and implement the most effective food safety and quality programs possible.
